Come and see why St Lucy’s satellite class at St Joseph’s in Narrabeen provides the best start to education for children with special needs. The open day is for parents, teachers and other professionals.

Start Right is a two-year program (for Kindergarten and Year one) for children with autism, cognitive or language delay or other disabilities that makes learning difficult.

It lays a strong foundation that will enable children to transition successfully to a mainstream school or to St Lucy’s, Wahroonga.

The Satellite Class has a maximum of 10 students with a specialist teacher and teacher’s aide plus a range of therapy and other support.

Come along and learn more about the program.
